

ONE YEAR WARRANTY TERMS

The Flagshooter is protected by a one year transferable warranty from the date of purchase against defects in material and workmanship. We will repair or replace products that prove to be defective during the warranty period.

The warranty described shall be in lieu of any other warranty, including but not limited to, any implied warranty of merchantability or fitness for a particular purpose. We are not liable for consequential damages including intentional or unintentional misuse on the job.

This warranty is void if after receiving the Flagshooter in good condition, it is subjected to abuse, unauthorized alterations, or casual repair.

In the event a warranty issue arises, contact Flagshooter Inc. or your reputable distributor for return shipping information.

Once the one year period has lapsed, if you have an issue with our product, we offer a Maintenance Program to ensure the Flagshooter serves you reliably for years to come.

MAINTENANCE PROGRAM

Our Maintenance Program is for FlagShooters that are three years old or less. Once you send your FlagShooter in for this option, we will rebuild it with all the necessary parts and apply all updates that are available at the time of maintenance. Then, we will ship your FlagShooter back to you with a 90-day warranty.
